Chapter 1 by PenguinWriter

BEEP BEEP I groaned and turned off the alarm. I got up and stretched out my arms and looked into my mirror. I had bright brown wings on my back. "What....the.....heck" I say. And my mom walked into the room "come on Jacob get dressed Adam is almost here" She says to me. "Do you notice anything different about me mom like the big brown wings on my back" I say. "You have always had those wings is there something wrong" She says. And she walks out of the room. I got a shirt out of the closet and there was holes on the back for the wings. Now that's just weird I think while put on the rest of my clothes. I run downstairs grab my backpack and a bagel and head out the door. I drop the bagel and gasp my best friend Adam was in the sky flying. Adam dropped out of the sky towards me "Come on Jacob get into the sky" he said. "OK" I say. I flap my wings and go into the sky. It felt amazing going into the sky the wind going against my face and going up into the clouds. Adam started talking about something like classes where I was looking down and thinking how did I get these wings. "Jacob were you listening to anything I just said" Adam said. "No" I said feeling guilty. "Well I just saying what's your special talent since you completed the test yesterday are you a telepath,Technopath,Empath,wind,frost,or a teleporter so which one" He said. "Ummm Adam can I tell you a secret" I say. "Sure..." He said. "I have no idea what you are talking about and I only had wings today" I said. "Oh you are the one that came from the other planet so then that means...." Adam said and gulped "Jacob is on that planet in your planet....". Adam started to cry and saying "Why did he get chosen this year why".
